

Welcome!

We appreciate your interest in joining the Altisource's General Contracting Vendor Network. The Network provides companies and individuals the opportunity to partner with a leading provider of mortgage, financial and technology services.

Please fill in the following information, specifying the services provided by your company, and submit it to our Vendor Management Operations (VMO) Team at constructionvmo@altisource.com. Once received, our VMO Team will review the information and contact you with the details for the next steps.

As part of the on-boarding process, we will send you various communications, including our Compliance Requirements, Certification Process Details, Scope of Work, Service Level Agreement, and a Master Field Vendor Agreement for execution.

All Network vendors are reviewed by Altisource Vendor Management on a regular basis. The assessment includes the use of scorecards to evaluate the overall relationship, ensuring all documentation and information is current. Depending on the results of these assessments, vendors may need to provide additional details to maintain an active status within the Network. Joining the Network includes the ongoing obligation of complying with our requirements and policies, which are subject to change.

Moving forward, we will commence review of your submitted package upon receipt of all required documentation and information. While we aim to complete this process in a quick timeframe, your assistance can help facilitate the process. Providing responses and addressing all requests in a time efficient manner will expedite the compliance phase. Please note that joining the Network provides no guarantee or commitment to any specific level of engagement. Further, any costs and expenses incurred to submit an application are your responsibility.

As a growing organization, we are excited about the possibility of you joining the Network and encourage you to gather and submit all noted information as soon as reasonably practical. We look forward to working with you.

Sincerely,

Altisource Vendor Management
