

REALSYNERGY® WEB LOAN VIEW

REALSynergy® offers a comprehensive, flexible, scalable, cost-effective servicing solution, backed by complete, consultative training and product support.

OUR APPROACH:

You have enjoyed the immense benefits of this servicing solution — now allow your investors and borrowers 24/7 access to their commercial loan information via your website.

Web Loan View is an easy-to-maintain product that offers unlimited user access. Reports can be quickly generated with ease and exported to MS Excel® for manipulation or can be exported in Adobe® PDF.

INVESTORS CAN VIEW INFORMATION APPLICABLE TO THEIR LOAN PORTFOLIO

- ⬆ General loan information, including balances and status
- ⬆ Online payment histories
- ⬆ Collateral information, including operating statements and property inspections
- ⬆ Escrow/reserve and deferral details
- ⬆ Prepayment information

- ⬆ Service fee details
- ⬆ Run real-time reports: trail balances, investor remittance, borrower history, delinquent loan summary and escrow disbursements

BORROWERS CAN VIEW INFORMATION ABOUT THEIR LOANS

- ⬆ General loan information, including balances and status
- ⬆ Escrow/reserve details
- ⬆ Prepayment information
- ⬆ Borrower information
- ⬆ Amortization schedule
- ⬆ On-line payment histories
- ⬆ Borrower history report
- ⬆ Collateral information

BENEFITS

Web Loan View is customizable with your company colors and logo and provides 24/7 customer service to both borrowers and investors. Web Loan View offers reduced customer call volume and secured controlled access.
