

E-CLOSE SOLUTION

Premium Title teamed up with technology innovator Pavaso to build a powerful yet versatile eClosing solution. Our web-based platform digitizes the closing process to help you realize savings on operational costs and improve regulatory compliance with detailed audit trails, signature logging and more.

OUR APPROACH:

Our e-Close solutions help streamline the mortgage closing process.

- Manage documents through existing integration with doc providers
- Improve the borrower experience with online educational tools
- Lower regulatory risks with detailed records of signed document
- Shorten closing timelines and expedite funding
- Centralize communication and loan documents

ELIMINATE UNCERTAINTY

Build customer confidence at every step with easy access to smart educational tools. Keep all parties engaged with secure, real-time status updates available from any internet-enabled device.

STREAMLINE PROCESS

Reduce the need for follow-up phone calls with automated notifications. Use live chat and secure email messaging features to improve communication between all interested parties.

IMPROVE AUDITS

Reduce the chance for missed signatures and lost original notes. Maintain all files and communication in one secure portal offering detailed audit trails, signature logging and more.
